Dear Supervisors,

Please vote to approve the County Bikeways Plan. Biking is my family's main mode of transportation. Our county is in major need of a comprehensive plan to connect our communities via safe bicycle infrastructure that will encourage others to consider riding their bikes and keep those of us who already cycle safe.

My family and friends also enjoy recreational cycling throughout the county. We cycle for our physical and mental well being. Getting out on the roads in our neighboring communities allows us to experience and appreciate the region in a way you just don't get when you drive a car through. We also shop at local businesses in the communities we visit by bike. Help make this a safer activity for your constituents as well as an attraction of visitors to our region.

Thank you,

Chenin Otto
